## FINANCIAL ASSISTANCE PROGRAM

Miami Jewish Health provides a financial assistance program to hospital patients based on an individualized determination of financial need, and shall not take into account age, gender, race, social or immigrant status, sexual orientation or religious affiliation.

### Eligibility and Assistance Offered

The financial assistance program covers only medically necessary services provided by the Douglas Gardens Hospital at MJH.

MJH offers two levels of financial assistance.

- Full Charity Care: Patients whose annual household income is less than 200% of the Federal Poverty Guidelines (FPG) qualify for fully discounted services.
- Partial Charity Care: Partially discounted care is available to patients whose annual household income exceeds 200% but is under 400% of the FPG. Partial Charity Care is provided in the form of a discount of between seventy percent (70%) and ninety percent (90%) off inpatient and/or outpatient charges. However, patients who would otherwise qualify for Partial Charity Care but who have sufficient liquid assets available to pay for care without becoming Medically Indigent, or sufficient insurance coverage, may not be eligible for Partial Charity Care.

An individual eligible for financial assistance may not be charged more than the amount generally billed as established by Medicare for emergency or other medically necessary care.

### How to Apply

To receive assistance, patients must complete and submit a financial assistance application to MJH and provide supporting documentation.
